Mr. Bill Bolen  
Chief, Response Section II  
Emergency Response Branch  
United States Environmental Protection Agency  
77 West Jackson Street  
Chicago, Illinois 60604-3590

Dear Mr. Bolen:

I am requesting the region 5 offices of the United States Environmental Protection Agency (U.S. EPA), Emergency Response Branch, assign the appropriate personnel to conduct a time critical removal assessment and possible removal action at the Downers Grove Groundwater Investigation site located in unincorporated Downers Grove, DuPage County, Illinois. The Illinois Environmental Protection Agency's (Illinois EPA) site number is 0430305282. We also request that the U.S. EPA coordinate your efforts closely with efforts already underway by the Illinois EPA's Bureau of Land and their supporting service offices and contractors. This request for support and assistance encompasses removal assessment, but also field support, enforcement support, and other NPL-like activities as necessary to protect public health and the environment.

Following the assignment of U.S. EPA personnel, Illinois EPA would like the opportunity to meet with U.S. EPA to discuss background information and program objectives. As always, the Illinois EPA will provide any assistance to U. S. EPA regarding this matter. Thank you for your consideration and we look forward to working with U. S. EPA in this and future removal activities. I hope to hear back from you soon.

Sincerely,

Bruce Everetts  
Office of Site Evaluation  
Division of Remediation Management  
Bureau of Land
